Combat Veterans discharged from active duty on or after January 28, 2003, are eligible for enrollment in Priority Group (PG) 6 for 5 years following discharge unless eligible for a higher enrollment priority (PG 1-5). After the special eligibility period ends, these Veterans will be reassigned to appropriate PG and subject to copayments, if applicable.

Comprehensive Medical Benefits Package

All enrolled Veterans have a comprehensive medical benefits package, which VA administers through an annual patient enrollment system. The enrollment system is based on priority groups to ensure health care benefits are readily available to all enrolled Veterans. Enrollment in the VA health care system provides Veterans with the assurance that comprehensive health care services will be available when and where they are needed during that enrollment period.
