08-11-25 5 Shane Walter, Community Services Director:

- Presented a zoning matter to the Board. Concerns stemmed from a hog confinement at which damage was done to a county road because of the lack of a turnaround area for trucks. Walter proposed that an amendment be made to the Zoning Ordinance that requires a turnaround for all confinements in the County. The turnaround area must be prepared prior to beginning construction.
- Reported that wind generator companies have begun showing an interest in placing generators in the County. The current Zoning Ordinance does not address this issue. Walter will work with the Zoning Commission to revise the ordinance to set guidelines for the construction of wind generators.
